

**CAPTRON
COMPANY PROFILE
2025**

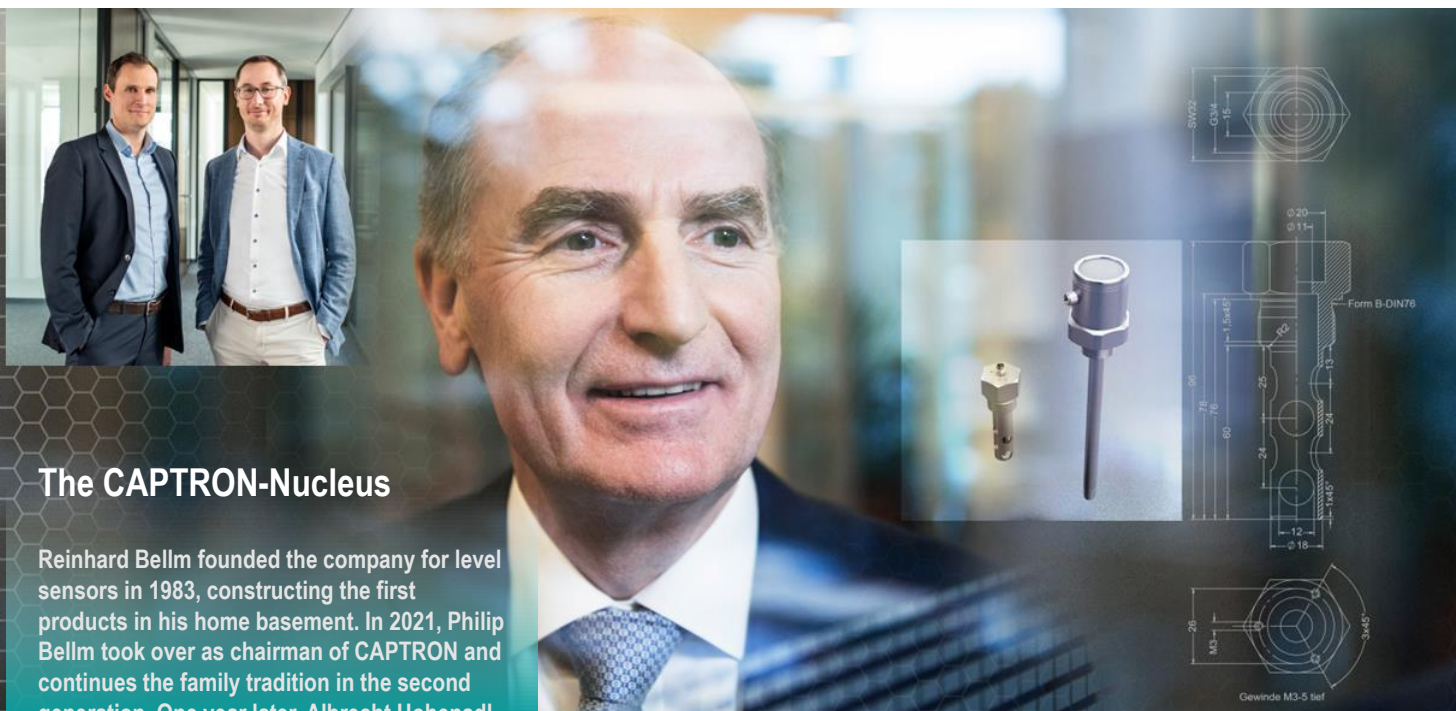

Open up a new world of possibilities

Inputs for your development

CAPTRON

The CAPTRON-Nucleus

Reinhard Bellm founded the company for level sensors in 1983, constructing the first products in his home basement. In 2021, Philip Bellm took over as chairman of CAPTRON and continues the family tradition in the second generation. One year later, Albrecht Hohenadl joined the management as Chief Financial Officer and Chief Operating Officer.

CAPTRON
